

# AMP CAPITAL WHOLESALE AUSTRALIAN BOND FUND

17 OCTOBER 2016

---

## New Product Disclosure Statement changes

We are writing to advise you of changes relating to the AMP Capital Wholesale Australian Bond Fund (the Fund) that will be reflected in the new Product Disclosure Statement (PDS) which will be available on our website ([www.ampcapital.com.au](http://www.ampcapital.com.au) – then go to the Fund's page) on 24 October 2016. The changes pertain to enhanced fee disclosure as well as the inclusion of additional information regarding how the Fund is managed.

Before making any investment decisions, we recommend you read the information in the PDS about the benefits and risks of investing and the other features of the Fund.

### Enhanced fee disclosure

In accordance with amendments to the Corporations Regulations and new regulatory guidance from the Australian Securities & Investments Commission, we have implemented new enhanced fee disclosure requirements for the Fund. As a result, how we represent fees and costs in the PDS has been updated.

Previously, the PDS stated the management cost of the Fund as comprising the management fee, performance fee and recoverable expenses. Now, the stated management cost of the Fund in the PDS also includes indirect costs. These are not new costs being imposed on the Fund, these costs were incurred before, the indirect costs are simply now being quantified in the PDS. Examples of indirect costs include costs associated with the use of derivatives and exchange-traded funds.

It is important to note that this change in how we disclose the Fund's fees does not mean investors pay any additional management fees and does not reduce the net-of-fees return. Our management fees have not changed. The enhanced disclosure aims to provide a new level of transparency into the total costs of investing – both AMP Capital and non-AMP Capital costs.

### Additional information regarding how the Fund is managed

In reviewing the PDS for the Fund we have taken the opportunity to update the following information:

- > Asset allocation – The Fund may invest up to 100% in government bonds, credit securities and global fixed income securities and may hold up to 10% in non-investment grade securities and up to 10% in unrated securities.
- > Credit and concentrations limits – We have provided further information in the Incorporated Information document to assist investors understand the Fund's investments.

### Further information

If you have any further questions about this update, please contact your Account Manager or our Client Services Team on 1800 658 404, between 8.30am and 5.30pm (Sydney time) Monday to Friday or via email at [clientservices@ampcapital.com](mailto:clientservices@ampcapital.com).

Yours sincerely,

Nigel McCammon
